Since 1870, the famous Mantecadas Salinas have been made by hand, following the original method created by the ancient master confectioners of Casa Salinas in Tudela (Navarra).

Currently we continue to use the same machinery and recipes from yesteryear, using local raw materials of the highest quality, one hundred percent natural, putting all the care and taking care of every last detail.

That is why we are registered in the registry of artisans of Navarra under its quality brands “Artesanos de Navarra” and “Reyno Gourmet”.

Due to their finesse, our shortbreads are the accompaniment ideal for sweet wines of all types (Muscatel, Port..), they can also be enjoyed with a good sparkling wine, tea or simply a coffee.
